# UNAUTHORIZED AND UNLICENSED DAY PROGRAM

### Licensing Requirements

#### PURPOSE

The purpose of this Program Advisory is to provide clarification regarding licensing requirements of community care facilities.

#### INTRODUCTION

Facility-based day programs are governed by Health and Safety Code, Section 1500 through 1567.8 (Community Care Facilities Act), and regulated by the California Code of Regulations, Title 22, Division 6 (licensing of community care facilities). These regulations provide the basis for the Department of Social Services' (DSS) licensing of community care facilities.

Title 22 defines a community care facility as "any facility, place, or building where non-medical care and supervision, as defined in Section 80001(c)(2), are provided." Additionally, license is defined as "...authorization to operate a community care facility and to provide care and supervision. The license is not transferable."

For purposes of this advisory, facilities where the delineated services are fully or partially provided **MUST** be licensed by DSS.

#### LIABILITY ISSUE

Vendors providing non-facility based services are not allowed to permit consumers to spend any part of their day at the vendor's unlicensed "administrative" office for any reason (*i.e., waiting for a ride, meeting friends, etc.*)

Allowing consumers to spend time at a program's non-licensed administrative office(s) is not permitted by regulations. DSS' licensing typically views this activity as providing "care and supervision," and in this instance, supervision is not present.

#### RECOMMENDATIONS

For clarification, the following are services that can be provided in a licensed community care facility *or can be completely operated as non-licensed non-facility based programs, also known as "programs without walls."*

- (028) Socialization Training Program;
- (048) Client/Parent Support Behavior Intervention;
- (055) Community Integration Training Program;
- (056) Interdisciplinary Assessment Service;
- (083) Public School Early Intervention Program;
- (091) In-Home Day Program;
- (094) Creative Art Program;
- (505) Activity Center;
- (510) Adult Development Center;
- (515) Behavior Management Program;
- (520) Independent Living Program;
- (525) Social Recreation Program;
- (605) Adaptive Skills Trainer;
- (855) Adult Day Care; and
- (850) Camping Services.

Regional centers should ensure that consumers participating in non-facility based programs are not spending time at the vendor's administrative location for any reason.

For additional information, please contact Charlene Locke of DDS' Services and Supports Section, at (916) 654-2975 or by email at [clocke@dds.ca.gov](mailto:clocke@dds.ca.gov).

## DEPARTMENT OF DEVELOPMENTAL SERVICES

### COMMUNITY SERVICES & SUPPORTS DIVISION PROGRAM ADVISORY

Please be advised that CCL is **issuing citations** for permitting individuals to spend any part of their day at any vendor's unlicensed "administrative" office for any reason (i.e., waiting for a ride, meeting friends, etc.)

# REFERRALS FROM OTHER REGIONAL CENTER

**SCLARC Service Provides shall not accept referrals and/or placements from other regional centers without obtaining approval from SCLARC.**

**In accordance with DDS contract (Article VII, Section 7), Regional Centers must notify each other prior to the use of any resourced when the provider is “vendored” by another regional center.**

# CALIFORNIA PUBLIC RECORDS ACT (CPRA)

## 01/01/2026

# CPRA

**SCLARC had a Vendor Training/Information on 11/10/2025 from 10am - 12pm by BBK.**

As of January 1, 2026, California Regional Centers has become subject to the California Public Records Act (CPRA) under the provisions of Assembly Bill 1147 (AB 1147). As a result, certain records maintained by the regional centers, including contracts and vendor-related documents, may become subject to public disclosure.

## **What This Means for Your Business:**

Under CPRA, members of the public have the right to request access to records held by regional centers. While sensitive and proprietary information may qualify for exemption or redaction under applicable laws, some information related to your agreements, billing, and performance with the regional center must be disclosed upon request.

# CPRA CONTINUES...

## Safeguarding Confidentiality

We understand the importance of protecting proprietary and confidential business information. Regional centers will review all records carefully and apply applicable exemptions (such as those for trade secrets or other confidential information) before releasing any documents. However, it is important that your submissions clearly identify any information you consider to be proprietary or confidential so we can evaluate whether an exemption applies.

If records are marked as proprietary and confidential, but we are unable to determine whether they meet the legal requirements for trade secret or proprietary protection, we will not be able to assert those claims on your behalf. If that occurs, we will inform you of the request, and you will have the opportunity to obtain judicial intervention in the form of a stay or protective order. It is anticipated that your time frame for this will be limited. We therefore suggest that if you plan such measures, you start to put in place processes to protect your interests.

# CPRA CONTINUES...

## Next Steps

We encourage you to:

1. Review your current agreements and submissions to the regional center.
2. Mark any proprietary or confidential information in your records, as appropriate.
3. Contact us with any questions or concerns about how CPRA compliance may affect your business. Do not ask to review your files. You already know what we collect and ask from you through forms and audits.
4. Prepare measures to seek judicial recourse to protect your information.
5. Know your requirements: For example: CPA – Vendor Financial Audit

# RATE REFORM

# *What is Rate Reform?*

In 2019, the California Legislature received a study of the rates for services provided for people with intellectual and developmental disabilities. This study looked at the amount paid for most services and in different areas of California, as well as the quality of those services. The study led to what is known as “Rate Reform”. Rate Reform has been implemented in phases, until its full implementation that will be effective January 1, 2025.

Rate Reform includes the Quality Incentive Program (QIP). Through QIP, providers can earn up to 10 percent of their rate based on the quality of the service(s) they provide. The QIP has several different measures, each related to different types of services. The following areas for QIP measures were determined through the QIP’s public workgroup process: Prevention and Wellness; Employment; Informed Choice and Satisfaction; Workforce Capacity; Early Intervention; and Service Access.

# *What is Rate Reform? cont.*

A new foundational measure, called the Provider Directory, has been added to the QIP.

The Provider Directory will compile and provide accurate statewide information for the first time about service providers. Participation in the Provider Directory is the only QIP measure that will be used in 2024–25 and 2025–26 for establishing whether a provider will receive the 10 percent quality incentive portion of the rate model for their service(s). Other measures are planned to continue evolving toward individual-level outcome measures.

# ***SCLARC Process cont.***

## 1. First Phase: Service Acknowledgement Form (SAF)/Attestations

- 99.5% Completed the SAF/attestation by 05/30/2025
- Four (4) Service providers completed after 05/30/2025

## 2. Second Phase: 90%, 100%, or Frozen

- In this phase the rates for the provider's old service and subcodes were updated to the 90%, 100%, or their rates were frozen if they met the Hold Harmless criteria as directed by DDS and their contractor H&S Burns. We currently making these rate adjustments for providers rates who were at 90% to the 100% based on effective date DDS has approved their QIP Eligibility.

# *SCLARC Process cont.*

## 3. Third Phase: Post Transition

- In this phase service providers and their vendoring regional centers worked together to determine the best new service code/subcode that met their service and completed the service acknowledgement form (SAF) by 5/30/2025. Each of our SAF forms had an effective date that the new service code/subcode was effective (always the first of a month). This phase eco phase 1 given that we find providers are not completing the SAF correctly.

## ***SCLARC Process cont.***

**3a. Out of area or shared (courtesy) vendors. SCLARC has been reaching out to the vendoring regional centers to obtain updated vendor information (i.e., SAF, VSN, Rates if applicable).**

4. Since June 2025 until completed [March 2026], SCLARC will send service providers:

- \* Program Design Amendment and/or Addendum via DocuSign.
- \* Updated contract and agreement that will reflect the rate model reform, insurance requirements, and SCLARC Vendor Portal.

5. **As of December 3, 2025**, SCLARC The DDS's Provider Directory:

a. DDS PD support team will continue to load service providers to the Provider Directory weekly and updated lists can be found on the Department's dedicated provider directory page: <https://www.dds.ca.gov/initiatives/provider-directory/>.

b. SCLARC needs DDS to provide the list of providers that are "not" on the PD.

c. "New" providers – any providers who are recently billing. DDS will send providers email "invitation" to complete the process.

d. SCLARC had 65 "new" providers. Please respond to SCLARC and DDS emails and phone calls. **A short informational session (re: DDS Standardized Vendorization) available after this presentation.**

# ***SCLARC Process cont.***

## **Quality Incentive Program (QIP) Update:**

- Beginning Fall 2025, the Department will collect data from [Quality Incentive Program \(QIP\)](#) eligible service providers. Data collected from eligible service providers through surveys will fall under three reporting measures related to provider capacity, preventative health and wellness, and employment. The data collected through these surveys will be used to support further program and measure development. By participating in these QIP data collection efforts, eligible service providers will earn the QIP portion of their rate effective July 1, 2026, through June 30, 2027. Service providers also will need to complete the requirements listed below to participate in the QIP, and to earn the quality incentive portion (10 percent) of the rate model:

1. *QIP Provider Incentives:* The Department will determine eligibility to participate in the data collection surveys based on both:

- o *Service Codes:* Existing service providers with FY 2024-25 purchase of service (POS) authorizations for QIP-eligible service codes will be eligible to participate in the data collection surveys for provider capacity, preventative health and wellness, and employment.
- o *Provider Directory:* **Existing service providers must be registered in the [Provider Directory](#) by September 30, 2025**, to be included in the data collection activities for purposes of survey distribution.

2. *Requirements for Provider QIP Eligibility:* **Beginning in FY 2026-27, service providers must be compliant with electronic visit verification (EVV), home and community-based services (HCBS) rules, and annual fiscal reviews and audit requirements to be eligible for the QIP component of rate models.** This results from a [new law enacted with the most recent State Budget](#). To receive the QIP portion of the rate starting July 1, 2026, service providers must be compliant with all these requirements no later than February 26, 2026.

## **6. Quality Incentive Program (QIP) FY2627: EVV, HCBS and Vendor Financial Audit**

- **The next quarterly QIP Workgroup meeting will be on September 15, 2025 from 2 p.m. to 4 p.m.** The meeting will include information about the Fall 2025 QIP reporting measures, which will be used for calculating service provider rates in FY 2026-27. The meeting also will include information about potential QIP measures for Fall 2026, which will affect service provider rates in FY 2027-28. A meeting registration link is posted on the [Department's Stakeholder Events webpage](#) for workgroup members and the public.
- The QIP [Employment Access](#) and [Employment Capacity](#) one-time incentive measures submission deadline has been extended until September 15, 2025. **There are only two weeks left!** Employment service providers operating in QIP eligible service codes are encouraged to take advantage of this [limited time incentive](#).
- Focus groups will continue convening as needed to gather input from community partners on current and future measures. Please respond to this [focus group interest survey](#) to be considered for future participation.
- The Department continues to issue QIP one-time incentive payments with instructions to regional centers. Regional centers have 90 days to issue authorized payments. The table at the bottom of this email provides an updated schedule.

# ***DDS Directives...continues***

## **Service Provider Use of GenAI:**

**Service Providers are required to protect the privacy and security of individuals and families served. The use of GenAI by vendored service providers creates a risk because the AI models might use confidential or sensitive information for training purposes, potentially exposing proprietary or personally identifiable data to unauthorized parties. Therefore, SCLARC will require service providers to sign/update and provide additional language to the following agreements:**

- Business Associate Agreements (BAA)**
- Payment/service agreements**
- Contracts**
- Program Design**

**Contractual language with vendored service providers will include protections for Protected Health Information (PHI) and Personally Identifiable Information (PII) when the provider may be using GenAI. SCLARC must ensure the service providers are contractually obligated to uphold data protection standards as the regional center itself, specifying what data can be used, for what purposes, and mandating safeguards to prevent breaches.**
