Working to Keep the Promise

1. Provide market-based allocations for rent
2. Reinstate social recreation (and non research-based support therapies) family program services
3. Support the development of a long term plan to address programmatic and operational challenges to sustain the regional center system.
4. Revamp service rates to ensure long term system viability and sustainability
5. Identify community-based resources (housing, physicians and clinicians) to address unmet needs of consumers and families
