- Other: 2%

Working to Keep the Promise
1. Provide market based allocations for rent
2. Reinstate social recreation (and non researched based support therapies) family program services
3. Support the development of a long term plan to address programmatic and operational challenges to sustain the regional center system.
4. Revamp service rates to ensure long term system viability and sustainability
5. Identify community based resources (housing, physicians and clinicians) to address unmet needs of consumers and families
