

Good day SCLARC Family,

The McClaney Family Resource Center is committed to providing quality services and supports to our families, the communities we serve, and our colleagues. As SCLARC makes necessary adjustments to our programs and services in response to the current health situation regarding the COVID-19 virus, also known as the Corona Virus, the FRC will also be making necessary changes to our programming.

While SCLARC is currently still open for business, the FRC's located at the Los Angeles office and the South Gate office will be closed to the public until further notice. All in-person workshops are canceled at this time, including the new parent orientations held at the Los Angeles office and at the South Gate office. Parents and Caregivers who are scheduled to attend a FRC workshop will be contacted with additional information. FRC staff will still be available to provide information and support and can be reached by phone at (213) 744-8882 or by emailing Crystals@sclarc.org or KarenM@sclarc.org.

We appreciate your understanding as we continue to navigate this unique and challenging situation and know that we will continue to monitor the situation and inform you of any changes that may impact you and your families served.

Thank you,

The McClaney Family Resource Center
