Request for Proposals (RFP) Announcement
2019-20 Community Resource Development Plan (CRDP)
Start-up Project #1**

Overview

South Central Los Angeles Regional Center (SCLARC) works collaboratively with the Department of Developmental Services (DDS) to develop community services for adult consumers.

Project #1 –SCLARC is requesting proposals from interested parties to develop and operate a day service that will support individuals who are uncomfortable participating in current programs. This includes those who identify with the LGBTQ community. Individuals targeted for placement include: those with mild to moderate intellectual and/or developmental disabilities; significant to profound mental health challenges; and possible forensic involvement or individuals transitioning into the community from the developmental center. Services will include: coping skills; communication and socialization training; vocational and targeted job-related training, along with work related soft skills training to better ensure employment success.

The ongoing reimbursement will be negotiated, based on the applicant's budget and median rate limitations. **The applicant chosen must agree to accept consumers identified by SCLARC for services.** Grant funds are always contingent upon funding from the Department of Developmental Services.

Applicant Eligibility and Minimum Service Requirements

- Applicants must be in good standing. Applicants with a history of deficiencies issued by a licensing agency, corrective actions issued by the regional center for severe deficiencies, or similar actions taken by a placement or oversight agency may not be considered for this development.
- Applicants must have a sound financial status. Financial statements for the past three years are required. The applicant must have access to a reserve throughout the development and vendorization process. The reserve amount should be approximately \$20,000.00.
- Applicants must have at least 3 years- experience as a regional center vendor, working with the targeted population.
- Applicants must have an identified program director with a minimum of 3 years working with consumers and with those who have severe mental health issues.
- Applicants must have an identified behavior management consultant. This individual must be a BCBA with the appropriate national certification. If an individual other than a BCBA is used, he/she must have completed twelve semester units in applied behavior analysis and possess a valid **license** as a psychologist, a clinical social worker, licensed marriage and family therapist, or licensed professional whose California licensure permits the design and/or implementation of behavior modification intervention services. The behavior management consultant identified by the applicant must **be the actual individual providing direct services to the consumers.** This function cannot be assigned to a behavioral assistant.
- Applicant's program director, direct care staff and behavior management consultant must visit and observe the consumers at current living arrangement.

- Direct care staff must have a minimum of 2 years' experience providing services to persons with developmental disabilities with mental health issues and assaultive behaviors. These individuals must also have a high school diploma or equivalent.
- All staff must be PCMA, PRO-ACT or CPI trained before they are allowed to work with consumers in the program. Staffing must be in place on the date the program becomes operational.
- Direct care staff must be paid a minimum of 150% of the State's pending minimum wage.
- A vehicle that can accommodate the transportation needs of the consumers and their individual support person must be assigned to the program. Start-up funds are not available to purchase or lease the vehicle.
- **The applicant is required to accept the consumers SCLARC identifies for placement.** The applicant must commit to modifying services and supports to address any challenges encountered. Issuing a 30-termination notice is **not** acceptable unless a full ID team meeting is held and the team agrees that the placement is not appropriate, and SCLARC gives approval for the service termination.
- **Applicants must be prepared to begin providing direct services to consumers by January 1, 2021.**
