Our Response to Covid-19 (Corona Virus)

This is an unprecedented time for our community, our nation and the world. As we all take steps to stop the spread of the COVID-19 coronavirus, SCLARC is committed to providing quality services and supports to the individuals and families that we serve during this difficult and challenging time. Similar to many other organizations, we have been monitoring the news regarding Covid-19, or novel coronavirus, and as such, we have already cancelled all group meetings such as educational workshops, our Town Halls on POS Data, committee meetings, and all other outreach or public events until further notice.

As SCLARC makes necessary adjustments to our programs and services in response to the current health situation regarding corona virus, we ask for your understanding and patience while we navigate this unique public health crisis together. While SCLARC is currently still open for business, we are asking that people who have recently travelled out of the country, or are sick, or have been caring for a family member who is sick, not to come to our offices, but to instead talk to our staff by phone.

If you have an upcoming scheduled meeting such as an IPP or IFSP that is currently scheduled in our offices, please reach out to our staff to confirm whether or not your meeting will take place by phone or through internet-based video conferencing systems. It is our preference to hold all meetings by phone or through other technology-based means.

We appreciate your understanding as we continue to navigate this unique challenge and know that we will continue to monitor the situation and inform you of any changes that may impact you and your family. As we continue to receive more information we will provide updates on our Facebook page, website, through text alerts, and through calls from our staff (South Central Los Angeles Regional Center). If you have specific case management issues and cannot reach your Service Coordinator, please call 1 (833) 725-2721, or email cmhelp@sclarc.org.

Nuestra respuesta a Covid-19 (Coronavirus)

Este es un momento sin precedentes para nuestra comunidad, nuestra nación y el mundo. Mientras todos estamos tomandomedidas para detener la propagación del coronavirus COVID-19, SCLARC se compromete a proporcionar servicios y apoyos de calidad a las personas y familias a las que servimos durante este momento difícil y desafiante. Al igual que muchas otras organizaciones, hemos estado monitoreando las noticias sobre Covid-19, o el nuevo coronavirus, y como tal, ya hemos cancelado todas las reuniones en grupo, como talleres educativos, nuestros ayuntamientos sobre datos de puntos de venta, reuniones de comités y todos los demás divulgación o eventos públicos hasta nuevo aviso.

A medida que SCLARC realiza los ajustes necesarios a nuestros programas y servicios en respuesta a la situación de salud actual con respecto al coronavirus, le pedimos su comprensión y paciencia mientras navegamos juntos por esta crisis única de salud pública. Si bien SCLARC todavía está abierto para los negocios, les pedimos a las personas que han viajado recientemente fuera del país, o que están enfermas, o que han estado cuidando a un miembro de la familia que esté enfermo, que no vengán a nuestras oficinas, sino que hablen a nuestro personal por teléfono.

Si tiene una próxima reunión programada, como un IPP o IFSP que está programada actualmente en nuestras oficinas, comuníquese con nuestro personal para confirmar si su reunión se realizará por teléfono o mediante sistemas de videoconferencia basados en Internet. Preferimos tener todas las reuniones por teléfono o por otros medios tecnológicos.

Apreciamos su comprensión mientras continuamos a navegar en este desafío único y continuaremos monitoreando la situación e informando sobre cualquier cambio que pueda afectarlo a usted y a su familia. A medida que continuamos recibiendo más información, proporcionaremos actualizaciones en nuestra página de Facebook, sitio web, a través de alertas de texto y a través de llamadas de nuestro personal (Centro Regional de South Central Los Angeles). Si tiene problemas específicos de administración de casos y no puede comunicarse con su Coordinador de servicios, llame al 1 (833) 725-2721 o mande un correo electrónico a cmhelp@sclarc.org.
