Spring 2021

Performance Report for South Central Los Angeles Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at South Central Los Angeles Regional Center (SCLARC) we served about 17,460 consumers. The charts on page two tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At SCLARC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in:

- Moving more individuals from large developmental centers to community living options;
- Increasing the number of adults who live in home settings;
- Increasing the number of individuals living in their own rental property and receiving supported living services.

But, we still need to improve in:

- Decreasing the number of children who live in facilities with seven or more beds;

In 2020, SCLARC had 14 individuals residing in California's developmental centers. This is 0.03% less than in 2019. We continue to work diligently to move individuals from large institutions to smaller, community living options.

Of the 7,892 adults served, 6,568 live with a family member, a family certified home, or in their own home, receiving supports from a supported living or independent living service provider. This is 0.83% more than last year.

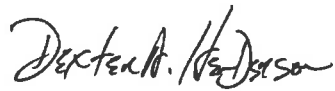

There are 556 individuals receiving supported living services, allowing them to reside in their own home. This is 7.05% of the individuals living in home-like settings and is 1.83% higher than the statewide average.

Summary Performance Report for South Central Los Angeles Regional Center, Spring 2021

We had fewer children living in large facilities in 2020, reducing the number from 0.10% to 0.07%. Of the 7 children residing in large settings, 3 were in intermediate care facilities due to medical issues. Our numbers are small, but we are still 0.04% higher than the state average. So, we will continue to work towards decreasing the number of consumers living in large facilities. .

We hope this report helps you learn more about SCLARC. If you have any questions or comments, please contact us!

This report is a summary. For more information about the regional center, please go to: www.sclarc.org or contact Kim C. Bowie, Director of Community Services and Family Supports at (213) 744-8454.

Who uses SCLARC?

These charts tell you who SCLARC consumers are and where they live.

DIAGNOSIS OF SCLARC CONSUMERS

ETHNICITY OF SCLARC CONSUMERS

AGE OF SCLARC CONSUMERS

WHERE SCLARC CONSUMERS LIVE

How well is SCLARC performing?

This chart tells you about five areas where DDS wants each regional center to keep improving.

The first column tells you how SCLARC was doing at the end of 2019. And, the second column shows how SCLARC was doing at the end of 2020.

To see how SCLARC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2019		December 2020	
	State Average	SCLARC	State Average	SCLARC
Fewer consumers live in developmental centers	0.08%	0.11%	0.07%	0.08%
More children live with families	99.44%	99.52%	99.51%	99.66%
More adults live in home settings*	80.84%	82.39%	81.71%	83.22%
Fewer children live in large facilities (more than 6 people)	0.04%	0.10%	0.04%	0.07%
Fewer adults live in large facilities (more than 6 people)	2.15%	2.68%	1.92%	2.31%

Notes: 1) Consumers can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and consumers' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

Summary Performance Report for South Central Los Angeles Regional Center, Spring 2021

Did SCLARC meet DDS standards?

Read below to see how well SCLARC did in meeting DDS compliance standards:

Area Measured	Last Period	Current Period
Passes independent audit	Yes	Yes
Passes DDS audit	Yes	Yes
Audits vendors as required	Met	Met
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about consumers, including diagnosis).	95.89%	99.45%
Intake/Assessment timelines for consumers age 3 or older met	98.26%	97.52%
IPP (<i>Individual Program Plan</i>) requirements met	N/A	N/A
IFSP (<i>Individualized Family Service Plan</i>) requirements met	54.4%	77.0%

Notes: 1) The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 2) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 3) N/A indicates that the regional center was not reviewed for the measure during the current period.

SCLARC passed both its independent and DDS audits. The agency did not overspend its allocated operations budget, and we successfully participated in the Federal Medicaid Waiver program.

Ninety-nine percent of the CDERs and ESRs were updated as required. There was a 0.74% decrease in meeting timelines related to completing intake assessments for consumers over the age of 3 and a 22.6% increase in meeting IFSP requirements.

How well is SCLARC doing at getting consumers working?

The chart below shows how well SCLARC is performing on increasing consumer employment performance compared to their prior performance and statewide average:

Areas Measured	Time Period			
	CA	SCLARC	CA	SCLARC
Consumer Earned Income (Age 16 and above): Data Source: Employment Development Department	Jan through Dec 2018			
Quarterly number of consumers with earned income	27,526	647	28,170	792
Percentage of consumers with earned income	16%	9%	16%	10%
Average annual wages	\$10,317	\$11,977	\$11,327	\$12,805
Annual earnings of consumers compared to people with all disabilities in California Data Source: Cornell University Disability Status Report	2018		2019	
	\$47,600		Data not available*	
National Core Indicator Adult Consumer Survey	July 2014-June 2015			
Percentage of adults who reported having integrated employment as a goal in their IPP	27%	19%	29%	21%
Paid Internship Program Data Source: Paid Internship Program Survey	2018-19		2019-20	
Number of adults who were placed in competitive, integrated employment following participation in a Paid Internship Program	CA Average	SCLARC	CA Average	SCLARC
	9	5	8	0
Percentage of adults who were placed in competitive, integrated employment following participation in a Paid Internship Program	13%	4%	9%	0%
Average hourly or salaried wages for adults who participated in a Paid Internship Program	\$12.45	\$12.50	\$13.31	\$13.25
Average hours worked per week for adults who participated in a Paid Internship Program	17	18	16	19
Incentive Payments Data Source: Competitive Integrated Employment Incentive Program Survey				
Average wages for adults engaged in competitive, integrated employment, on behalf of whom incentive payments have been made	\$12.76	\$13.08	\$13.52	\$12.08
Average hours worked for adults engaged in competitive, integrated employment, on behalf of whom incentive payments have been made	22	23	21	14
Total number of Incentive payments made for the fiscal year for the following amounts:	\$1,500	6	22	8
	\$1,250	11	28	7
	\$1,000	22	34	8

*The Cornell University 2019 Disability Status Report was not available at the time that this report was finalized.

How well is SCLARC doing at reducing disparities and improving equity?

These tables show you how well the regional center is doing at providing services equally for all consumers.

Percent of total annual purchase of service expenditures by individual's ethnicity and age

Age Group	Measure	American Indian or Alaska Native		Asian		Black/African American		Hispanic		Native Hawaiian or Other Pacific Islander		White		Other Ethnicity or Race	
		18-19	19-20	18-19	19-20	18-19	19-20	18-19	19-20	18-19	19-20	18-19	19-20	18-19	19-20
Birth to 2	Consumers	0%	0%	1%	0%	14%	14%	79%	78%	0%	0%	1%	1%	6%	7%
	Expenditures	0%	0%	0%	0%	11%	12%	82%	81%	0%	0%	1%	1%	5%	6%
3 to 21	Consumers	0%	0%	1%	1%	16%	16%	76%	77%	0%	0%	1%	1%	5%	5%
	Expenditures	0%	0%	2%	1%	21%	20%	71%	73%	0%	0%	3%	2%	3%	4%
22 and older	Consumers	0%	0%	1%	1%	38%	37%	52%	53%	0%	0%	6%	6%	2%	2%
	Expenditures	0%	0%	2%	2%	47%	46%	37%	39%	0%	0%	11%	10%	2%	2%

Per capita purchase of service expenditures by individual's primary language
 (for languages chosen by 30 or more consumers only)

Language	Count of UCI		Per Capita Purchase of Service Expenditures	
	2018-19	2019-20	2018-19	2019-20
English	12,334	13,074	\$14,516	\$17,610
Spanish	9,312	9,467	\$8,301	\$10,906
