

GET MORE ENERGY AT OUR LOWEST RATE WITH THE MEDICAL BASELINE ALLOWANCE

We recently shared information about our Medical Baseline Allowance (MBL). For customers who depend on electrically-powered medical equipment or devices, MBL can provide you with more energy at our lowest rate, which helps offset the cost of operating in-home medical equipment and can reduce your monthly energy costs.¹ Watch this short [video](#) to learn more.

Find Out If You Qualify

You may qualify for MBL if you or someone in your household depends on the regular use of electrically-powered medical equipment, devices, or heating and cooling for medical purposes. Download our [program brochure](#) or [click here](#) to learn more about program requirements and see the growing list of qualifying medical devices.

Apply Now — Online or By Mail

You can apply online or download an application to print and mail using these links:
