

COMMUNITY PLACEMENT PLAN (CPP)
COMMUNITY RESOURCE DEVELOPMENT PLAN (CRDP)
PROPOSED 2025-2026 START-UP PROJECTS
POSTED FOR PUBLIC COMMENT
08/01/2025

SCLARC Stakeholders:

Below is a list of the proposed grant projects for the [2025-26 fiscal years](#), through the Community Placement Plan and/or Community Resource Development Plan. Please be advised that startup expenditures maybe available and may be granted by DDS through community placement plan process or through purchase of service to protect the consumer's health or safety or because of extraordinary circumstances. This list is being posted on SCLARC's website to allow you to provide comments regarding the proposed projects. If you would like to provide feedback, please email your comments to Brian Samayoa, Resource Developer at brians2@sclarc.org, and/or Monica Mahon, HCBS Evaluator at monicam@sclarc.org.

Project #1 (CRDP)	Project #1 (CRDP) Residential Care Facilities for the Elderly RCFE-Non-ambulatory. SCLARC has in accordance with SCLARC CRDP <i>FY2020 through 2023</i> have requested to downsize the 15 homes under level 3 and 4I homes that have shared rooms and are vendored for over 12 beds or more. Some are aging as well.
Project #2 (CRDP)	Project #2 (CRDP) Adult Residential Facilities For Persons With Healthcare Needs (ARFPSHN-B) (non-ambulatory) to reduce the vendored capacity of an existing large ICF/DD facility from 53 to 37 beds, and home for individuals who require nursing needs. This is also proposed in <i>FY2023-24</i> .
Project #3 and #4 (CPP)	Project #3 & #4 (CPP) Enhanced Behavioral Supports Home (EBSH) for Individuals with Traumatic Brain Injury (TBI) Home to be equipped with both delayed egress to manage behaviors or lack of hazard awareness and impulse control, would pose a risk of harm to themselves or others. This is also proposed in <i>FY2023-24</i> . This year SCLARC would need to develop at least two (2) to catchup with the need.

Project #5 (CRDP)	Project #5 (CRDP) Supported Living Services (SLS) – Forensics SLS provided one to one to forensically and/or Difficult to serve individuals with intellectual disabilities and mental health issues. There are multiple cases who are difficult to serve and cannot reside in a residential facility setting due to their behaviors, as manifested by them making suicidal/self-injurious statements, refusing services, abusing illegal substance, making false allegations, etc. SLS provider and staff must be equipped with a behavioral component and RBT background as well as trained professionals to handle behaviors without interruption to the services. An ideal vendor can provide augmented services or hire professionals as DSP to manage and provide services to the individuals. SLS forensics may be composed of social workers, therapists, counselors, and behavioral technicians that can support and manage the individuals in need - help identify triggers and create a structured setting to reduce the triggers and identify what other needs the individual may have. The agency must connect the individual with mental health supports if there is a need for long-term counseling.
Project #6 (CRDP)	Project #6 (CRDP) Four (4) Children/Adolescent Residential Facilities. Behaviors of AWOL, severe physical aggression towards others, property destruction, noncompliance with rules in the home and school, sexual misconduct with peers, dual diagnosed with mental health conditions (depression, anxiety and suicidal ideations). Dual diagnosed with mental health conditions and prescribed psychotropic medications. History of behaviors including AWOL and Severe Physical Aggression (i.e. hits young children & adults), and moderate to severe Self Injurious Behavior (i.e. requires helmet and mittens; thus, need a waiver from CCL). Some children may also have gender identity disorder, cruelty to animals, Substance Abuse, Gang Affiliation, allegations of molestation towards other children, history of trauma and/ or sex trafficking. May be a ward of the court or judicially involved with dual agency supervision from DCFS and /or Probation. This is also proposed in FY2022-24. <i>This continues to be a need for SCLARC catchment area.</i>

Project #7 (CRDP)	Project #7 (CRDP) Develop a housemate matching system for deaf consumers. Individuals that utilized ASL have access to a service provider than can support matching roommates. Establish local regional Housing Access Services throughout the state that have access to the roommate matching services.
